

# GOING TO UNI THIS AUTUMN? HIT THE GROUND RUNNING...!

Going to university is one of the biggest transitions you will make in your life!

It can be lonely; it can be discouraging. It can also be one of the best times for spiritual growth that you'll ever encounter!

Wouldn't it be great if you could make sure you'll have Christian friends to welcome you on arrival, show you the ropes, invite you to things, help you through the transition?

Well, you can!

Check out <https://www.uccf.org.uk/starting-uni> and you'll see it gives you a great way to contact sisters and brothers in the Christian Union (CU) now, in the university you're going to. You'll see there's also a section *Breeze through the first few weeks*, with good ideas for feeling at home in your new town, helping your flatmates bond, and plenty more.

And one other thing. The opening weeks of term are a fantastic evangelistic opportunity. People are in a totally new situation, wondering probably how they're going to live, and not yet settled yet into cliques. Wouldn't it be great if you had other believers to work with in sharing Jesus at this time, people who've planned ahead with some great events to bring people to? Well, link up with the CU where you're going and you will! Have your friends back home praying for you that first couple of weeks of term, because this may be one of the best opportunities you will ever have in your life...

May God bless you in every way in this adventure! Stay close to Him, and be sure to feed on His Word the Bible and in prayer! For lots of people, hitting the ground running as a believer at uni has shaped their whole future destiny for massive good; may the same be true for you!
